

RAPID FUNDING

Capital is maximized and overhead is minimized by leveraging Securely's patent-pending technology to facilitate funds flow rapidly, and digitally.

Regardless of payment method funds are deposited next day reducing cost of capital (from 10+ days for paper checks to 1 day for Digital Cash™)

Every Digital Cash™ transfer includes balance validation for added protection against uncollectables

Reduce or eliminate cash handling, storage, and transport increasing safety and decrease risk of loss and theft

Greater predictability of income and reduced burden on operating capital
