

LOWER PROCESSING FEES ON DIGITAL CASH™

Securely™ emulates the capabilities of major card brands by establishing a private network to transfer funds from the customer to your business at half the cost or less.

Partnered with Plaid, a secure bank connection industry leader, ensuring safe fund flow

Next-day, free deposits are consolidated in a batch format, simplifying reconciliation, unlike peer-to-peer wallets

Bank-level security through closed-loop network, with verification on both sides of transactions
